

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be taken, including the following:

READ ALL INSTRUCTIONS BEFORE USING THE CRYOADVANCED™ CRYOTHERAPY FACIAL BRUSH

1. Close supervision is required when this product is used on, by or near children or people with certain disabilities.
2. Use product only for its intended use as described in this instruction booklet. Do not use attachments not recommended by the manufacturer.
3. Keep the cord away from heated surfaces.
4. Never use while sleepy or drowsy.
5. Never operate if the product is damaged.
6. Do not operate the charger if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged or if it has been dropped into water.
7. Do not place or store the charging base where it can fall or be pulled into a tub or sink.
8. Do not immerse charging base in water or any other liquids.
9. If charging base falls into water or another liquid, unplug immediately.

USER MAINTENANCE INSTRUCTIONS

CARING FOR YOUR SKN BY CONAIR™ CRYOTHERAPY FACIAL BRUSH

1. After each use, wipe the brush handle with a damp cloth to remove any cleansers used during treatment. Be sure you keep the charging contacts clean by wiping them with a damp cloth or alcohol wipes, so that the unit continues to charge properly.
2. Once a week, clean the charger base to prevent buildup of cleansers.
3. Clean unit thoroughly each week by rinsing under warm, soapy water to help remove buildup, wipe with a dry cloth and store unit in its box or in a clean, dry place.
4. Rinse facial brush under warm, soapy water to remove residue accumulated during treatment. Allow brush heads to air-dry. Store in a clean, dry place.
5. Do not use abrasive cleaners for cleaning.
6. Do not put unit in dishwasher for cleaning.

10. Not for use by children. Keep this product out of the reach of children.
11. Avoid contact with eyes.
12. Plug the adapter into the main outlet after checking that the voltage matches the listed technical data for the main outlet to be used.
13. Unplug from outlet when not in use and before servicing.
14. Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
15. Do not handle plug or appliance with wet hands.

The SKN by conair Cryoadvanced™ Cryotherapy Facial Brush handle and charger have no serviceable parts. If the charger cord is damaged, it must be unplugged and replaced. Call 1-800-3-CONAIR for instructions or to purchase replacement parts.

SENSITIVITY AND CAUTIONS SPECIAL CAUTIONS FOR SENSITIVE SKIN

The SKN by conair Cryoadvanced™ Cryotherapy Facial Brush is a face cleansing device that is intended to help you get clean and healthy-looking skin. It is not a medical device and is not intended to be used to treat any medical conditions, including acne.

If you are under a doctor's care for any skin condition or if you think you have very sensitive skin, please consult your physician before use.

We recommend starting on the LOW setting and slowly increasing speed depending on how your skin reacts to treatment. If rash or irritation occurs, stop use.

We recommend not sharing the brush head. Each user should have his/her own brush head.

TROUBLE-SHOOTING GUIDE

THE CRYOTHERAPY FACIAL BRUSH IS NOT CHARGING.	1. Make sure the contacts on the unit and base are clean. See User Maintenance Instructions for cleaning procedure.
NO ILLUMINATING BLUE LIGHT.	2. Make sure the adapter and USB plug are plugged in properly.
THE CHARGING LIGHT DOES NOT TURN TO SOLID BLUE.	3. Check the outlet and make sure the power is on. Most bathroom outlets have a test and reset button. Press the reset button and recheck the outlet.
THE CRYOTHERAPY FACIAL BRUSH WILL NOT TURN OFF.	You must hold the ON/OFF button for more than 1 second to turn the unit off.

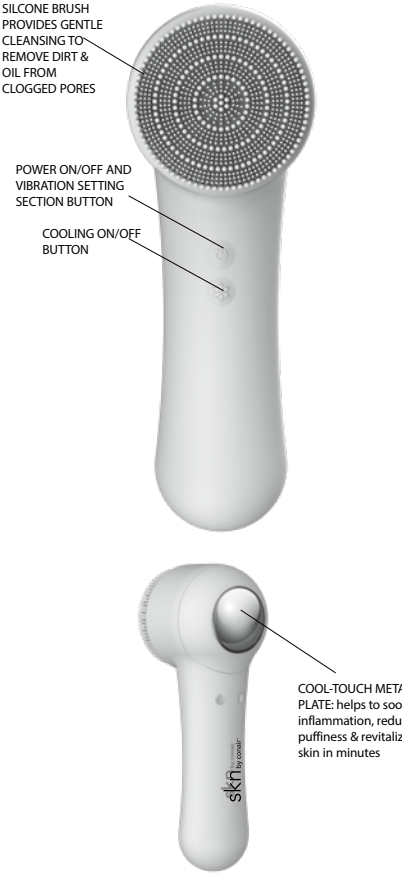

NOTE: Removing makeup can cause the brush head to discolor. However, this will not affect performance and the brush head can be used for the entire recommended life of 90 days.

If you experience any pain or discomfort during use, stop using and consult your physician.

OPERATION TIPS
Moisten your face and apply cleanser. Also apply a small amount of cleanser to the moistened brush head. Do not apply pressure with the brush to the face; let the vibration perform the cleansing. When finished, rinse with water and dry skin with a clean towel.

GET TO KNOW YOUR Cryoadvanced™ Cryotherapy Facial Brush

SKN by conair Cryoadvanced™ Cryotherapy Facial Brush features

2 TREATMENT OPTIONS
Two switches on the handle of your Cryoadvanced™ Cryotherapy Facial Brush allow you to customize facial treatment to suit your individual needs.
1: Vibration
2: Cooling
Press the power ON/OFF button 1 time for LOW setting, 2 times for MEDIUM setting and 3 times for HIGH setting. The unit safely shuts off in 60 seconds.

SILICONE BRUSH: Reduces areas of dry skin and oily patches.

COOL-TOUCH METAL PLATE: Provides a 2.5 minute cryo facial for refreshed, radiant skin. The cooling will safely shut off after 2.5 minutes operation.

NOTE: Your SKN by conair Cryotherapy Facial Brush may only include certain attachments. See retailer for replacement parts, brushes or attachments call 1-800-3-CONAIR or visit www.trueglowbyconair.com

WATERPROOF
The SKN by conair Cryotherapy Facial Brush is waterproof and can be used in the shower. It cannot be submerged in water.

RECHARGEABLE
The SKN by conair Cryotherapy Facial Brush is cordless and requires a full charge before use. After unit is fully charged, it can provide up to 30 minutes of use without recharging.

CHARGING THE Cryoadvanced™ Cryotherapy Facial Brush

1. Before using the Cryoadvanced™ Cryotherapy Facial Brush for the first time, it must be fully charged for 3-4 hours. Plug the USB cord from the charger base into a wall adaptor (not included), then mount the facial brush onto the charger base to begin charging. The LED will pulse in BLUE, indicating that the unit is charging.

2. The charging indicator around the button will begin to pulse in BLUE during charging. Once fully charged, the light will turn a solid BLUE. Always check to ensure that the charging light illuminates when you place the sonic facial brush in the charging stand.

3. The BLUE light will start flashing when the unit reaches low battery capacity during operation.

4. In order to maintain the optimum capacity of the rechargeable batteries, the sonic facial brush should be given a full 3-4 hours continuous charge every 3 months.

5. Unplug the adapter from the wall and the base when not in use. Do not unplug the adapter from the wall when it is still connected to the unit. This will cause the battery to discharge.

STARTING THE CRYOTHERAPY FACIAL BRUSH AND SELECTING THE SPEEDS
Press the power ON/OFF button 1 time to activate the unit and press the cooling ON/OFF button 1 time to activate the cryotherapy treatment.

Press the Cooling ON/OFF button or the power ON/OFF button for more than 1 second to turn the cooling off.

****This will complete one cycle****
To repeat the same cycle, press the switch again.

Note: 1-2.5 minutes into the second cycle, the cool plate temperature will be slightly higher as the device has generated heat in the first cycle.

After two treatment cycles, the unit must cool down for 2 hours before repeating another two cycles.

VIBRATION FEATURE:
Press the power ON/OFF button 1 time for LOW setting, 2 times for MEDIUM setting and 3 times for HIGH setting.

STOPPING THE CRYOTHERAPY FACIAL BRUSH
At any time, the Cryotherapy Facial Brush can be stopped by pressing and holding the power ON/OFF button for more than 1 second.

TURNING OFF THE COOL-TOUCH METAL PLATE
At any time, the Cool-Touch Metal Plate can be turned off by pressing and holding the Cooling ON/OFF button for more than 1 second.

6 Facial Cleansing Zones

OPERATING INSTRUCTIONS

1. Wet your face and apply sufficient cleanser. Also apply a small amount of cleanser to the wet brush head.

2. Turn the brush on and select vibration setting. Press the power ON/OFF button 1 time for LOW setting, 2 times for MEDIUM setting and 3 times for HIGH setting.

3. Do not press the brush hard against your skin as it will reduce the motion and effectiveness. Keep the brush in light contact and flush against the skin.

4. Move the brush in a slow, circular motion around your face. Let the vibration do the cleansing. NOTE: Do not apply treatment close to the eyes to avoid risk of injury.

5. Press the cooling ON/OFF button 1 time for a 2.5 minutes cryo facial.

6. Apply the plate to the 6 facial cleansing areas for 20-seconds each.

LIMITED ONE-YEAR WARRANTY (U.S. AND CANADA ONLY)

Conair will repair or replace (at our option) your unit free of charge for 12 months from the date of purchase if the appliance is defective in workmanship or materials.

To obtain service under this warranty, return the defective product to the service center listed together with your purchase receipt. California residents need only provide proof of purchase and should call 1-800-3-CONAIR for shipping instructions. In the absence of a purchase receipt, the warranty period shall be 12 months from the date of manufacture.

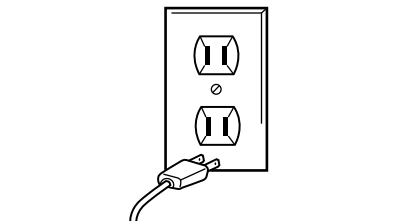

ANY IMPLIED WARRANTIES, OBLIGATIONS, OR LIABILITIES, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED IN DURATION TO THE 12-MONTH DURATION OF THIS WRITTEN, LIMITED WARRANTY. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

IN NO EVENT SHALL CONAIR BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES FOR BREACH OF THIS OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, WHATSOEVER. Some states do not allow the exclusion or limitation of special, incidental, or consequential damages, so the above limitation may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

WARNING: IF YOU THINK THE POWER IS OFF WHEN THE SWITCH IS OFF, YOU'RE WRONG.

KEEP AWAY FROM WATER

Everyone knows that electricity and water are a dangerous combination. But did you know that an electrical appliance is still electrically live even if the switch is off? If the plug is in, the power is on. So when you are not using your appliances, keep them unplugged.

ALWAYS UNPLUG SMALL APPLIANCES

FCC MARKINGS

WARNING: Changes or modification to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Any changes or modifications not expressly approved by Conair Corporation, the manufacturer of this product and the party responsible for compliance, could void the user's authority to operate the equipment.
